Dear Diane,

Thank you for taking the time to meet with me yesterday. I have felt warmly welcomed from the first phone call through the third interview. I had an immediate connection with Pam on the phone, and Fran always made me feel at ease during each visit. Speaking with you, Sara and Mary Kay confirmed my initial positive feeling about this company. American Traveler is exactly where I see myself building a career.

I have previously shared my professional experience, education and career goals. I will make my last pitch short and to the point. ***I am a valuable long-term investment.***

I would love to join the American Traveler Staffing Professionals team as a Consultant-in-Training.

Thank you for your time and kind consideration.

Sincerely,

Marie Levy
